January 2023

Welcome to the FarSuperior Community. Our expanded benefit program for 2023 is underway and being rolled out over the course of the year. Benefits are being designed by FarSuperior's board of directors, along with the Industry Directors as those organizations are formed throughout the year.

Here is the bottom line to our benefit program. We wish to Exceed the Expectations of both our business and individual members. Our program is established to provide a positive ROI for each business member, with a fair market value of \$10,000 in benefits. The starting benefits available in January **include: Exclusive Market Share, Mastermind Meetings, Mediation Services, Video Production, and Pay it Forward Philosophy.**
